Introduction

We are looking to recruit a Team Vicar – Designate to work alongside the Team Rector in what will be a newly created Team Ministry embracing the three parishes covering the town of Westhoughton, namely St. Bartholomew, St. George LEP and St. Thomas in the parish of Westhoughton; St. James in the parish of Daisy Hill; and in the parish of Wingates, St. John's.

The three parishes are to remain distinct, with their own autonomy. All five churches have something different to offer and as you peruse this Team Profile, we pray that we will have excited you to want to come and visit our town and see for yourself the vibrant, proactive group of churches working to one common theme; to worship, praise and give thanks to God for the Lord Jesus Christ.

Living in the parish of St. James, our new Team Vicar together with the Team Rector will share in the mission of Jesus Christ across all five of our cluster churches, but with specific day to day responsibility for the parishes of St. James, Daisy Hill and St. John, Wingates.

The Team Rector will have responsibility for the Westhoughton Parish and will work collaboratively and ecumenically with the appointed Team Vicar, the Methodist and United Reformed Church ministers, the Readers and the Authorised Lay Ministers to ensure the team functions effectively.

To this end there will be regular meetings both for prayer, fellowship, for discussion and planning.

Team Ministry

In the past 12 months the three parishes containing the five churches have held a joint Sunday morning service and have agreed to form a new Team Ministry with two stipendiary clergy working side by side. Lay ministers will assist the clergy with pastoral ministry.

Finances

Each church has its own Treasurer and Church Council.

Each parish is responsible for their parish expenditure and payment of parish share. Our joint income is approximately £200,000 per annum.

Parish share due last year was £155,319 collectively of which £85,728 was paid collectively.

Both St John and St James have had major works to the church buildings affecting the parish share paid.

All five churches are deemed viable by Manchester Diocese.

Westhoughton parish was required to seek its own charity status two years ago, under diocesan and charity legislation.

Both Wingates and Westhoughton held a major stewardship campaign three years ago which saw time, talents and income increase as a direct result. St James is due to hold theirs shortly.

Gift Aid is an asset across all our churches and more and more are giving by direct debit or standing order.

Fund raising is recognised as a priority.

Regular stewardship events are ongoing.

Full parish accounts for all three parishes are available upon request.

It has four bed rooms and is adjacent to St James' church on Lower Leigh Road, Daisy Hill, Westhoughton.

The house backs onto the church yard, and a foot path takes you from the vicarage to the church.

Downstairs consists of a hall, study, toilet, large sitting room, good size dining room, kitchen, utility room and pantry.

Daisy Hill Parish attributes

St James

- The church maintains very close links with our large two tier primary school of 450 pupils, which lies just across the street, the Old school hall being the original meeting room for worship in the parish.
- The Team Vicar will be a member ex-officio of the Governing Body of St James' school. A regular dialogue is kept with the Head Teachers and children, and their parents are actively encouraged to attend church. There are also many church members on the Governing Body including a PCC representative Governor.
- The children in the later years attend church for a short service every Wednesday morning in the school year.
- We currently hold PCC meetings and some fundraising events in the school. Our relationship with the school is one of the cornerstones of our future as a parish church in Daisy Hill, and provides an important channel to reach out to parents and children who do not currently attend our church services.
- Eatock Primary School is a new school built in the parish several years ago to cope with the growing demand. It has 180 children on roll and is state funded. The school makes frequent visits to church.
- St James Church is in the modern Catholic tradition which recognises the importance of the Ministry of the word, but places equal importance on the sacramental life of the Church.
- Eucharistic vestments are worn at most services with servers in attendance; a talented resident organist; and a full choir, coached by a former pupil of St James School who progressed to be an international lead with the Royal Opera, Covent Garden, and has now returned to live and worship in her home village of Daisy Hill.
- We subscribe to the seven sacraments recognised by the universal church.
- We have a thriving Sunday School which meets in the School Hall just across the road. The children join the Sunday service at the beginning of the Eucharistic prayer.

- We have disabled access.
- St James Church and vicarage are at the heart of Daisy Hill village which has a chemist, post office, three off-licences/ general stores, two public houses, resident artist, an independent community hall, plus a football and cricket club and a local dance school.
- The church is situated in the village of Daisy Hill close to new large private housing developments.

Our town is a great town

Steeped in history, Westhoughton has a population of some 23,056, mostly living in houses built in the past 30 years. Properties vary from apartments and terraced houses to semi-detached and detached houses.

Close to M61 and Manchester city the town has a host of local businesses from supermarkets to carpet shops and double glazing manufacturers to saw mills.

Westhoughton is part of Bolton Metropolitan Council but retains a town Council. We have our own Town Hall with local councillors who serve the community and many of them worship with us.

We have a host of support and care agencies to help all manner of problems. We also have a thriving market which has just won best small market in the UK— a National Award.

Championship side Bolton Wanderers our local football club located nearby falls in Wingates Parish. Middlebrook, is two miles away and boasts a lively shopping mall which includes many leisure businesses.

We have good road links, that link to Manchester stations, Wigan main line trains and Southport; complemented by three railway stations, Daisy Hill, Westhoughton and nearby Horwich Parkway.

We have our own High School with eight feeder primary school.

**In God we trust, in Jesus we believe,

Our town is a great town

Our parishes have four church schools who also feed to Canon Slade Bolton, St James Farnworth and for the first time this year Lowton High School formed as a Church High School, with costs shared between Manchester and Liverpool Dioceses.

Other than local businesses, employment is mainly out of town. We do have an industrial estate at Wingates, but many people work in Bolton, Wigan, Leigh and of course Manchester.

There are some National and International industries in the district.

There are many walks to be enjoyed and we have parks and leisure amenities too.

At Daisy Hill there is a Cricket and Football Club next door to each other with a recreational area adjacent. St. James's church is nearby. St George's is next to Westhoughton Cricket Club.

We have two golf clubs and a recently refurbished Leisure Centre mainly available outside of school hours.

Sainsbury's, Lidl and B & M Bargains have all joined our town recently.

We have a host of corner shops and small national mini markets, Tesco, Co-op and Spar, all open early to late and a local library.
